Job Description

Production Assembly Technician

Production · Part-time (Transition to Full-time) · In-person · Halifax, Nova Scotia

About RemoteCon

RemoteCon designs and manufactures rugged rechargeable battery systems, embedded electronics, and power products for subsea and industrial applications. We are looking for individuals who take pride in building reliable, high-quality products.

The Role

This hands-on role focuses on assembling battery packs and electronic products while following documented procedures and quality standards. The position starts as part-time with the opportunity to transition to full-time within a few months for the right candidate.

What You'll Do

- Assemble battery packs and electronic products.
- Follow work instructions, assembly procedures and quality standards.
- Perform inspections and basic functional testing.
- Maintain production records.
- Keep workstations organized.
- Suggest continuous improvements to production processes.
- Work with engineering to resolve production issues.
- Support inventory and material handling.

What We're Looking For

- Strong attention to detail.
- Ability to follow procedures consistently.
- Quick learner with a positive attitude.
- Good manual dexterity and hands-on skills.
- Reliable and organized.
- Continuous improvement mindset.
- Previous manufacturing or assembly experience is an asset but not required.

Nice to Have

- Electronics or battery pack assembly experience.
- Experience with hand tools and measuring equipment.
- Knowledge of ESD-safe handling.
- IPC experience is an asset.

Additional Information

- Part-time position with opportunity to transition to full-time.
- In-person only (no remote or hybrid).
- Must be legally authorized to work in Canada.
- No visa sponsorship or immigration assistance provided.

How to Apply

Apply through our Careers page or email your CV and a short cover letter to info@remotecon.ca with 'Production Assembly Technician' in the subject line.
